- Communication Facilities Do Not Include Radio Vault Rack Space Leased From Private or State Agency.
- Facility Information Compiled by CAPCOM, Technical Services.
- Facility Locations are Approximate, and May Have Been Adjusted for the Purpose of Map Clarity.

State Responsibility Area

Lands exclusive of cities and federal lands regardless of ownership, classified by the State Board of Forestry as areas in which the primary financial responsibility for preventing and suppressing fires is that of the State. These are lands covered wholly or in part by timber, brush, undergrowth, or grass, whether of commercial value or not, which protect the soil from erosion, retard runoff of water or accelerated percolation, and lands used principally for range or forage purpose.
