The Fire and Resource Assessment Program (FRAP) of the California Department of Forestry and Fire Protection and the USDA Forest Service coordinate land cover mapping and monitoring within California (LCMMP). This program generates data that describe the extent and condition of various land cover types, and the magnitude and cause of land cover changes. For more information, please visit http://frap.cdf.ca.gov/projects/land_cover/mapping/index.html or <http://www.fs.fed.us/r5/rsi/>

Projection: Albers
 Scale: 1:350,000
 at 46° x 34"
 December 03, 2003

The State of California and the Department of Forestry and Fire Protection make no representations or warranties regarding the accuracy of data or maps. Neither the State nor the Department shall be liable under any circumstances for any direct, special, incidental, or consequential damages with respect to any claim by any user or third party on account of or arising from the use of data or maps.

Arnold Schwarzenegger, Governor,
 State of California
 Michael Chrisman, Secretary for Resources,
 The Resources Agency
 Andrea E. Tuttle, Director,
 Department of Forestry and Fire Protection
