| | WOODLAND | |
| | <ul style="list-style-type: none"> ■ Desert Riparian ■ Joshua Tree ■ Palm Oasis | |

This map comprises data from multiple sources at varying scales, resolutions and classification systems that have been cross-walked to the California Wildlife Habitat Relationships system (CWHRR). Sources include CDF-FRAP, USFS-Remote Sensing Lab, Dept. of Fish and Game, CSU Chico, National Park Service, Dept. of Conservation - Farmland Mapping and Monitoring Program, Dept. of Water Resources: Land Use - Statewide Planning and UC Santa Barbara - Gap Analysis Program. For a detailed description of these data methods please visit http://frap.cdf.ca.gov/projects/frap_veg/index.html.
